

ALTERNATIVE THINKING

# SMARTMARKER

Whiteboarding beyond the surface.

**SALE!**

**SALE!**

**SALE!**

Equil Smartmarker is a connected device that makes any whiteboard surface smart by capturing everything you write so you can save, edit, organize and stream your content in real time.

Works with our free app

## Equil Note

Capture, edit, and share notes and diagrams on Android, iOS, Mac and Windows devices. Use different markers, colours, and text editing tools to enhance content and add searchable tags. Organize your notes into collections, stream, save and sync with your favourite cloud services.

- ⇒ Works on any whiteboarding surface and uses standard markers
- ⇒ More than 5 meters of active capture area
- ⇒ Save thousands of whiteboard content to memory and import later
- ⇒ Stream whiteboard notes in real time to computers and mobile devices
- ⇒ Facilitate brainstorming sessions and collaborate with remote participants
- ⇒ Integrated with Dropbox, Evernote and iCloud

**Limited time special**
